

Product Safety Recall

Techtronic Industries Australia Pty Limited is conducting a product recall.

The Product that is the subject of the recall is the RYOBI Cordless Line Trimmer/Brush Model No. RBC3600E which is also included in a kit version sold as Model Number RBC3626E (both include Blade attachment RAC1101) (**Product**) pictured below:

Blade

The Product has been sold through Bunnings retailers throughout Australia from September 2013 to February 2015.

What is the Defect? The Product is being recalled because if the nut securing the Blade is not tightened correctly before use the Blade may detach.

What is the Hazard? If the Blade detaches during use, this poses a serious laceration hazard.

What to do: We kindly ask that you immediately stop using the Blade attachment and to contact Techtronic Industries Australia Pty Limited by telephone, email or via post at the address below. Techtronic Industries Australia Pty Limited will advise you how to proceed with your options in respect of the Product and the Blade. Your options are:

1. to return the Product (as a whole) for a refund of the full purchase price of the Product; or
2. to return the Blade (only) for a refund of the full retail price of the Blade.

Contact Details: Contact Techtronic Industries Australia Pty Limited's product service on 1300 361 505 (Freecall), mail PO Box 121 Doncaster VIC 3108, or email info@ryobi.com.au, or see the website: www.ryobi.com.au.

We apologise to Bunnings and its customers for any inconvenience caused.
